DETAILED ACTION***Information Disclosure Statement***

The information disclosure statement (IDS) submitted on 03/01/05 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

The following is an examiner's statement of reasons for allowance: The I.D.S. statement filed on 03/01/05 was considered by the examiner but neither of the references abstracts teach or fairly suggest applicant's claimed invention. Particularly JP 08-241697 (abstract only) and JP-241698 (abstract only) fail to teach a plurality of lamp tubes "wherein one outside electrode is disposed at said at least one of said plurality of lamp tubes is electrically connected with another outside electrode disposed at an adjacent another of said plurality of lamp tubes" as claimed in independent claim 1; "one lamp tube ... and at least one bent portion, one outside electrode of said at least one lamp tube is electrically connected with another of said at least one outside electrode disposed at an adjacent another of said plurality of substantially parallel line portions of said at least one lamp tube" as claimed in independent claim 4; and "wherein said outside electrodes includes: first and second power supply electrodes; and first and second ground electrodes disposed between said first and second power electrodes; and wherein no power supply electrode is disposed between said first and second ground electrodes" as claimed in independent claim 6.
